## WORSHIP

We believe that worship is a vitally important part of our services and personal lives. Our main focus is to bring praise and honor to the one who saved our soul from sin: Jesus. Our contemporary styled worship team is made up of bass, drums, guitars, keyboard, congas and flute as well as six vocal worshipers. A multimedia projector is used to display the lyrics to all of our songs of praise and worship. An important part of our worship service is the dance ministry. It is their goal to draw the whole congregation into God's presence.
